

STANDARD OPERATING PROCEDURES FOR MECHANIZED DESLUDGING OF SEPTIC TANKS IN TAMIL NADU -

Part II - Service Seeker

As on 25th January, 2024

Table of Contents

1. Introduction

For improved sanitation services in urban areas, faecal sludge management is very essential and needs to be managed safely. In Tamil Nadu (TN), nearly 70% of households are dependent on onsite sanitation system (OSS). In the OSS system, the sludge is collected in a septic tank or in a pit. Over time, the sludge needs to be emptied from the tank to avoid overflow, blockages and backflow of the sludge into the toilets. This service should be provided by licensed desludging operators (DSO) in adherence with the Septage Management Regulations and Operative Guidelines, 2023.

The Government of Tamil Nadu is dedicated towards providing improved and safe sanitation services. In adherence with the Prohibition of Employment as Manual Scavengers and their Rehabilitation Act, 2013 (PEMSR Act) and the Tamil Nadu Prohibition of Employment as Manual Scavengers and their Rehabilitation Rules, 2022, the Municipal Administration & Water Supply Department issued the Septage Management Regulations and Operative Guidelines, 2023. The guideline mandates ULBs to ensure that desludging services are provided by licensed desludging operators (DSOs) only.

Due to lack of knowledge/ awareness on safe desludging options, many households rely on unregulated service providers and informal workers to clean the septic tanks through manual entry. This is in contravention of the Prohibition of Employment as Manual Scavengers and their Rehabilitation Act, 2013 (PEMSR Act) and is also illegal. As untrained sanitation workers may not follow proper procedures or use protective equipment, they face significant health and safety hazards.

Manual scavenging is a highly exploitative and inhumane practice that violates basic human rights, so all desludging activities should only be done mechanically.

2. Statutory Provisions

The Prohibition of Employment as Manual Scavengers and their Rehabilitation Act, 2013 (hereafter referred to as PEMSAR Act) was enacted for the prohibition of employment as manual scavengers, rehabilitation of manual scavengers and their families and the act provides various statutory provisions to address the issue and enforce penalties for violations.

Under section 7¹ of the PEMSAR Act, it is explicitly stated that no person, local authority or any agency shall engage or employ either directly or indirectly any person for hazardous cleaning of a sewer or a septic tank. Section 9² of the PEMSAR Act deals with the punishments for contraventions of the provisions of Section 7.

¹Section 7 (PEMSAR Act, 2013) – No person, local authority or any agency shall engage or employ, either directly or indirectly, any person for hazardous cleaning of sewer or a septic tank. "Hazardous Cleaning" is the manual cleaning of a sewer or a septic tank without the protective gear, cleaning equipment, and observance of safety precautions prescribed under the Rules.

²Section 9 (PEMSAR Act, 2013) – Whoever contravenes the provisions of Section 7 shall for the first contravention be punishable with imprisonment for a term which may extend to two years or with fine which may extend to two lakh rupees or with both, and for any subsequent contravention with imprisonment which may extend to five years or with fine which may extend to five lakhs rupees, or with both.

Furthermore, if a person engaged in manual scavenging belongs to the Scheduled Castes (SC) or Scheduled Tribes (ST), the provisions of the Scheduled Castes and the Scheduled Tribes (Prevention of Atrocities) Act, 1989 also apply.

In cases where a worker is forced into manual entry into a septic tank and an accident result in the worker's death, the applicable provisions of the Indian Penal Code (IPC) come into effect. The specific provisions of the IPC would be invoked to address such incidents and hold the responsible parties accountable.

3. Compensation to be given in the event of casualty

No manual entry is permitted into the septic tank. In case a worker dies while cleaning a septic tank/ sewer, as per G.O. (Ms) No. 5, MA&WS (ME2) Dept., Dt: 23.01.2024, a compensation of Rs.30 lakh shall be paid as per the stipulations contained in the G.O. In the case of sewer / septic tank victims suffering disabilities, depending upon severity to disabilities, compensation of not less than Rs.10 lakh shall be awarded. If the disability is permanent and renders the victims economically helpless the compensation shall be not less than Rs.20 lakh.
